

# Full Service Fine Wine Storage & Distribution

## SCVC

*Created by Vintners for Vintners*

The SCVC was formed as an agricultural cooperative in 1981 by a small, passionate and visionary collective of wine artisans and entrepreneurs, with a vision to create a wine storage and distribution channel that would be run by vintners, for vintners. The SCVC has enjoyed over 30 years of success by providing our member/customers with the best wine warehousing and distribution experience in the wine business. We feel the key to our success is our belief that if we understand our customers needs and help them to improve the service and products they provide to their customers, we will join in their success. The SCVC's goal, above all else, is to help you serve your customers.

### SCVC Services

The SCVC has been perfecting the numerous services we provide to our customers for over three decades. These services include:

- Temp controlled, bonded and tax-paid wine storage
- Cross docking services
- Documentation
- Tax payment
- Online order placement and inventory inquiries
- Free use project areas
- Turnkey import/export programs
- Full time inventory control management and monthly cycle counting
- Rigid shipping and receiving processes to insure accuracy
- Comprehensive breakage and mis-ship cost credit
- A highly trained, seasoned staff that care about helping you

In addition to the menu of fee based services we provide, the SCVC is also here to help with those out of the ordinary circumstances that arise. We understand that your needs don't always "fit the mold" and are here to assist, with creative solutions to the unusual needs of your customers and distributors.

### The SCVC and Pack n' Ship Direct

In 2005, the SCVC partnered with the Adams Wine Group to form Pack N' Ship Direct. PSD's services include:

- Winery-to-consumer direct shipping services
- Interactive processing and tracking of orders, returns and inventory
- Automatic delivery alerts
- Integrated compliance management
- Simple integration with virtually any eCommerce system
- Club and daily pick/pack processing
- Collateral management
- Seamless integration with major couriers
- Local pick-up and delivery services.

Together, we are the Co-op/PSD—working in unison from our campuses in Windsor, Napa Valley, Paso Robles, Santa Maria and Central Oregon. In concert, The SCVC and PSD provide the best solution for getting your wines to your customers, "by the truckload or by the bottle".
